

PU Journal of Science and Engineering (PUJSE)

ISSN: 3149-7373 (Print), 3149-7381 (Online)

Publisher:

Research Management Cell
Purbanchal University, School of Engineering

Publication Frequency: Yearly

Editorial Board

Editor-in-Chief

Prof. Dr. Dharmendra Kumar Singh, RMC Chairman, PUSOE

Managing Editor

Bhola Nath Luitel, Purbanchal University, School of Engineering

Associate Editors

- Jeevan Thapa, Purbanchal University, School of Engineering
- Er. Jagannath Sah, Purbanchal University, School of Engineering
- Er. Mohammad Zaid, Purbanchal University, School of Engineering
- Er. Santosh Sah, Purbanchal University, School of Engineering
- Er. Manoj Basnet, Purbanchal University, School of Engineering

Advisors

- Prof. Dr. Biju Kumar Thapalia, Purbanchal University
- Prof. Dr. Bhola Nath Sharma Ghimire, IOE, Tribhuvan University
- Prof. Dr. Devendra Adhikari, VC, Pokhara University
- Prof. Dr. Bijay Lal Pradhan, Amrit Campus, Tribhuvan University

Aim and Scope

The PU Journal of Science and Engineering publishes original research articles and review papers in engineering, science, and emerging technologies.

Contact Information

Research Management Cell, Purbanchal University, School of Engineering, Biratnagar, Nepal

Contents

Phytosociology and Production Potential of Wild Olive (<i>Olea cuspidata</i> Wall. ex G.Don) in Western Central Himalayas of Nepal	
Krishna Prasad Sigdel, Hem Raj Bista, Nabin Raj Joshi, Bijay Lal Pradhan	1
Enhancing the Impact of Photovoltaic Integration in the Integrated Nepal Power System in the Eastern Transmission System of Nepal	
Damodar Basnet, Mohammad Zaid, Sandeep Neupane	13
Enhancements of Distribution System Performance by Optimal Network Re-configuration	
Dhanraj Bista, Mohammad Zaid, Sandeep Neupane	25
Impact Analysis of Photovoltaic Penetration in Radial Distribution System: A Case Study of Bazar Feeder in Dhulabari DC	
Gyan Kafle, Mohammad Zaid, Sandeep Neupane	41
Optimal DG Placement and Sizing in Radial Distribution Networks Using Whale Optimization for 11 kV Bypass Feeder	
Hari Ram Pokharel, Sandeep Neupane, Mohammad Zaid	51
Implementation of the Hybrid Islanding Detection Method Considering the Dynamic Behavior of Power and Load: A Case Study in Rural Nepal	
Manoj Adhikari, Sandeep Neupane, Mohammad Zaid	62
Optimal Placement of Photovoltaic Distributed Generation for Voltage Regulation Enhancement in an 11 kV Radial Distribution Feeder	
Santosh Kumar Sah, Sandeep Neupane, Mohammad Zaid	74
Optimal Configuration of Biratnagar Radial Distribution System for Loss Minimization and Voltage Improvements	
Niwesh Tamang, Sandeep Neupane, Mohammad Zaid	83
Modelling and Simulation of Grid-Connected DC Micro-grid with Solar–Wind Hybrid Energy Conversion Sources	
Sanjay Pandey, Sandeep Neupane, Mohammad Zaid	94
Effect of Different Organic Fertilizers on Growth and Fruit Yield of Tomato in Khandbari, Sankhuwasabha, Nepal	
Prashamsa Kafle, Krishna Dahal	102
